

Long Duration Credit

Management Team

Portfolio Manager

Neil A. Burke
John Hyll

Objective

Seeks to provide diversified, actively managed exposure to the long end of the US investment grade credit market

Benchmark

Bloomberg US Long Credit Index

Highlights

- Invests primarily in long duration US investment grade fixed income securities
- Fundamental research from Loomis Sayles credit research is a primary source for investment ideas and specific industry and security selection recommendations are developed by the Loomis Sayles investment grade sector team
- Quantitative risk analysis is applied to portfolio construction to help manage both market and specific portfolio risks, by seeking to diversify and minimize unintended risks
- Duration bands: +/- 2 years (typically within +/- 0.5 year) relative to the benchmark
- Typical portfolio: 175 to 225 issuers
- Allocations to non-US dollar and emerging markets debt securities may be allowed per client guidelines
- Investments in securities rated <BBB may be allowed per client guidelines
- Maximum issuer position of 3% or benchmark weight plus 2%, whichever is greater at the time of purchase (Treasurys and GSEs excluded)
- Maximum industry allocation of 25% or the benchmark weight plus 10%, whichever is greater at the time of purchase

**Strategy assets are comprised of Long Duration Corporate Bond and Long Duration Credit.*

Diversification does not ensure a profit or guarantee against a loss.

Average Yield is Yield to Effective Maturity. Duration and Maturity for equity securities are deemed to be zero.

Loomis, Sayles & Company, L.P. ("Loomis Sayles") is an independent advisory firm registered under the Investment Advisers Act of 1940. For additional information on this and other Loomis Sayles strategies, please visit our website at www.loomissayles.com.

[^]Performance and risk metrics are calculated on a gross-of-fee basis and do not reflect the deduction of fees and expenses. Please see the Composite trailing returns for standard gross and net performance. Performance data shown represents past performance and is no guarantee of future results. Current performance may be lower or higher than quoted. Returns for one and multi-year periods are annualized. Gross returns are net of trading costs. Net returns are gross returns less effective management fees.

There is no guarantee that the investment objective will be realized or that the strategy will generate positive or excess return.

Indices are unmanaged and do not incur fees. It is not possible to invest directly in an index.

KEY RISKS

Credit Risk, Issuer Risk, Interest Rate Risk, Liquidity Risk, Derivatives Risk, Leverage Risk, Counterparty Risk, Non-US Securities Risk, Prepayment Risk, Extension Risk and Management Risk. Diversification does not ensure a profit or guarantee against a loss. Investing involves risk including possible loss of principal.

Due to rounding, Sector, Currency, Country, Credit Quality, Duration and Maturity distribution totals may not equal 100%. This portfolio is actively managed and characteristics are subject to change. Credit Quality reflects the middle credit rating assigned to individual holdings of the composite by Moody's, S&P or Fitch; ratings are subject to change. Cash & Equivalents may include unsettled trades, fees and/or derivatives.

The Composite includes all discretionary accounts with market values greater than \$20 million managed by Loomis Sayles with investment guidelines that allow from 0 to 20% in high yield and non-USD denominated securities and seeks to provide diversified, actively managed exposure primarily to the long end of the US investment grade credit market. Prior to June 1, 2015 the Composite minimum account size requirement was \$5 million. The Composite inception date is April 1, 2013. The Composite was created in 2014.
